**A Meaningful Corporate Social Responsibility Partnership**

# Empowering young people to shape a sustainable future

Young people are increasingly aware of the climate and biodiversity crisis. Many want to contribute solutions but lack the support, confidence and opportunities to turn ideas into action.

**Project Earth exists to change that.**

As a UK charity, we empower young people aged 8–18 to become climate innovators, problemsolvers and future leaders through education, mentoring, innovation challenges and our global showcase programme, Pitch for the Planet.

We invite forward-thinking organisations to join us as Corporate Partners.

## Why Partner With Project Earth?

---

A partnership with Project Earth allows your organisation to deliver meaningful social and environmental impact while engaging employees, customers and stakeholders in a positive vision for the future.

### **Together, we can:**

- Inspire future scientists, engineers and entrepreneurs
- Support climate literacy and environmental education
- Promote innovation and sustainability
- Increase opportunities for young people from diverse backgrounds
- Build pathways into green careers

# Ways to Partner

---

## Strategic Partnership

---

Multi-year support enabling Project Earth to scale nationally & internationally.

*Potential areas include:*

- Climate accelerator programmes
- International expansion
- Teacher resources
- AI-powered climate support tools
- Youth leadership programmes

## Employee Engagement

---

Your staff can support young innovators through:

- Mentoring
- Careers talks
- Judging competitions
- Skills workshops
- Volunteering opportunities

*Many employees find supporting young people one of the most rewarding forms of volunteering.*

## STEM and Innovation Engagement

---

Project Earth provides opportunities for companies to connect directly with future talent.

*Students engage with:*

- Engineering
- Renewable energy
- Technology
- AI
- Environmental science
- Sustainable design

## Supporting Pitch for the Planet

---

Our flagship showcase provides a unique opportunity for organisations to engage with some of the world's most promising young climate innovators.

### **Benefits include:**

- Brand visibility
- Exhibition opportunities
- Speaker participation
- Networking
- Media opportunities
- Association with positive climate action

## Our Impact

---

Project Earth has rapidly developed into a truly international movement.

### **In our first year we have:**

- Attracted submissions from multiple countries
- Engaged young people aged 8–18
- Built a network of more than 100 advisors
- Created a unique climate innovation accelerator
- Developed partnerships across education, industry & sustainability sectors

## Why this matters

---

The solutions to tomorrow's challenges may already be sitting in today's classrooms.

By supporting Project Earth, your organisation is investing not only in climate action but in the creativity, talent and determination of the next generation.

Together we can help young people become the innovators, entrepreneurs, scientists and leaders who will build a more sustainable future.
